# Seven Driven Out As Flames Sweep Arlington Dwellings

Seven persons were driven from their homes on Monday when two fires causing an estimated \$13,000 damage swept a two story duplex dwelling at 66-68 Tufts street in the early morning hours and an evening fire destroyed the cellar of a single two story home at 107 Jason street, Arlington.

Monday morning, Edward J. Preston, 68 Tufts street, was awakened by his wife who smelled smoke. Preston opened the bedroom door and found smoke and flames racing up the staircase, so he smashed the bedroom window and helped his wife and two children onto a second story porch, then he leaped to the ground and ran to the corner to sound the fire alarm.

In the meantime the Quealey family, 66 Tufts street, were awakened by the smoke. They were

able to escape from their home unassisted.

The fire department, under the direction of Chief Richard J. Tierney, arrived minutes after the alarm was sounded and laddersmen put up ladders and brought Mrs. Preston and the two children to safety.

Mr. Preston was taken to the Symmes Arlington Hospital by Arlington Police where he was treated for multiple lacerations and contusions of the legs and arms.

Chief Tierney said that the fire started in the cellar of 66 Tufts street and spread very rapidly through the partitions to the attic. A lighted cigarette which fell on an old divan in the cellar was believed by officials to have caused the fire.

The second fire, 107 Jason st., Arlington, was discovered by Mrs. Keturah B. Risch, owner of the home at 8 p.m. Monday evening.

Mrs. Risch was doing the evening dishes when she smelled smoke. She opened the cellar door and was met by a wall of flame, so she rushed upstairs to assist an aged boarder, Mrs. Rachael Boskin, 75, from the home.

After getting Mrs. Boskin to the ground floor she called the fire department. Chief Tierney went to the blaze and luckily he and his men extinguished it before a large oil tank, kept in the cellar exploded.

Damage to the house was estimated at \$3000 and was caused by hot ashes from the fire placed in a cardboard carton and put in the cellar rubbish. The hot coals ignited the rubbish and in a few minutes the whole cellar was in flames.

## Discuss Extension Of Concord Turnpike

At a meeting held Monday at the Hotel Commander, called by Mayor Edward Crane of Cambridge, the subject of the extension of the Concord Turnpike was discussed relative to the extension from the traffic circle at the Alewife Brook Parkway to follow the road bed of the Fitchburg Division of the Boston and Maine Railway through Porter Square, Cambridge, to the Northern artery at Lechmere, where it would connect with the proposed extension of the overhead roadway from downtown Boston at the take-off from the Mystic River, Bridge Road, his proposed extension would create a direct contact from downtown Boston and relieve much of the traffic coming out of Boston and new moving over the over-crowded streets of Cambridge and Somerville.

Mr. P.H. Kitfield, Mr. Edgar H. Copell, and Representative

Henry E. Keenan of Arlington, represented the State Public Works Department and the Legislature. Council members from Cambridge and Somerville were present with the Cambridge and Somerville Boards. Representative Keenan said, "Arlington's interest in this proposed extension would be to relieve the truck and commercial traffic from Boston over Arlington streets, and to cut down the cross-town traffic that is now carried on Route 60."

If and when the extension is completed it would tie in with Route 128 to relieve the traffic going north and west through Cambridge, Somerville and Arlington.

Further meetings will be held in the near future on this matter as it is proposed to get the necessary monies for the extension from the next one hundred million dollar bond issue.

# Arlington In Tie With Melrose For Hockey Leader

By Frank Mahoney

THE BOSTON Arena rocked to the cheers of 3246 fans, who saw a dauntless Arlington High defeat a favored Rindge Tech, 3-1 and tie for first place in the Greater Boston League with Melrose, as the latter battled to the first scoreless tie of the season with a sparkling Medford High.

THE UNPRECEDENTED and complicated scramble for first place became more last Saturday as Medford and Melrose tied. Arlington defeated Rindge and Stoneham edged Belmont 4-2. Newton dropped its game to Cambridge Latin, 5-4, to complete the Afternoon schedule.

G.I.B. OFFICIALS pointed out that although Stoneham finished in the second division, they were the top team in that division, and therefore are eligible to take a crack at the title under the present league rules.

WITH TWO MORE playoffs scheduled, Melrose and defending champion Arlington are tied for first but only one point behind are Medford and Rindge. It's still anybody's race.

ARLINGTON HIGH topped a long climb from second division by outthrusting and outplaying a tired Rindge Tech. In their previous meeting this season Rindge defeated Arlington 1-0, on a solo play by Duffy. Saturday, however, Duffy

# Golf Classes To Start On February 15

A general meeting of all adults interested in taking golf instruction will be held next Wednesday evening, Feb. 15, 8.00 p.m. at the Hardy School. Dave Whyte, popular golf pro at the Winchester Country Club, will explain the course of instruction in this game which will follow this general meeting.

Mr. Whyte will give a lecture on golf by movies of Sam Snead and Lloyd Mangrum in action on adults in the golf classes to follow this meeting will be conducted and complete information concerning the various classes will be furnished.

With good weather in the offering, an early start on the links is assured. All adults wishing to enter these golf classes should attend this first meeting. If you find this meeting is inconvenient and still wish to participate in these classes, contact the Park Department at AR 5-3156.

feature attractions. Rindge High will meet a speedy and tough Medford sextet in the second of three playoff games. It was more or less predicted by this writer last week that O'Brien and Meehan would give a repeat performance of last year's playoff show. Don O'Brien started the show Saturday and if he keeps it up Arlington could take the championship for the fourth straight year. This by the way would be a record.

DR. EDDIE ANDERSON has signed a five-year contract as head football coach at Holy Cross and that's good news for New England football. It was bad news the day that Anderson left Mount St. James to go to Iowa. Because under Anderson's tutelage, Holy Cross enjoyed its greatest hey-day in football. When Anderson was at Holy Cross he turned out such players as Bullet Bill Osmanski, Buzz Harvey, Nick Morris and Bob Mautner.

All four of these would have been All-Americans at some other college, but in those days the Worcester school lacked a high-powered publicity man, and the players did not get national recognition.

Mautner was the finest college center that I have ever seen.

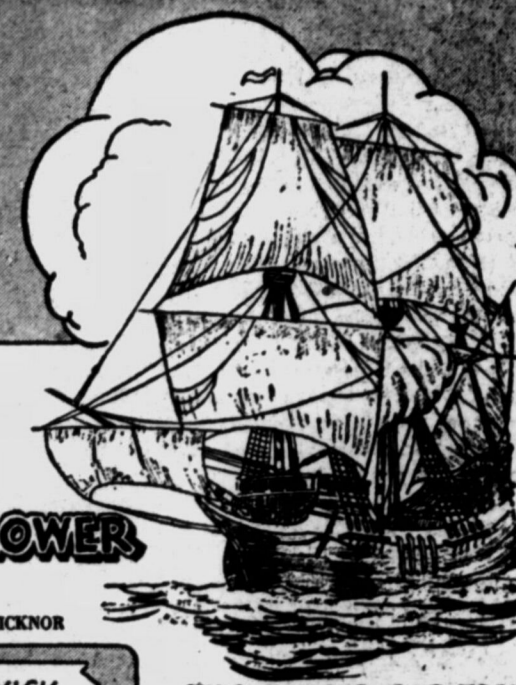

Few New England football fans ever gave the doctor the credit he deserved for his great winning record, because Anderson preferred a victory to a spectacle. His favorite prediction was, "I'll settle for 7 and 6." And he meant it! The doctor wanted to win, and while he might be dissatisfied with a 7-6 victory, it was still a victory.

Ironically enough, that 7-6 business kept him from having a perfect season once. The Purple played Carnegie Tech and got beat, 7-6. That was the only defeat of the season and Carnegie went on to play in the Sugar Bowl.

Funny thing about it, Jim Turner missed the try point and that was Turner's only miss in 33 tries that season.

Now Anderson is back, and New England football should be the better for his return.

# Red Cross To Give Course In Home Care

"To be able to meet the everyday illnesses that are continually facing a mother with young children, or a homemaker with a chronic invalid a home, with calmness and efficiency, should be the goal of every woman," said Mrs. Phister Cowin chairman of the Home Nursing Service of the Boston Metropolitan Chapter of Red Cross.

### Taxpayers' Federation Warns Of Irresponsible Spending

Revealing that the true State debt on January 1, 1950 was a staggering \$293,000,000, the Taxpayers' Federation this week warned the Legislature that unless it stops the "unsound and irresponsible practice" of voting bonds without providing a way of paying for them, the Commonwealth is in for a "serious financial trouble."

At the same time, the Federation called for more careful drafting of bond issue legislation the wording of which it termed "inconsistent, careless and undesirable."

These and other views of the Federation were expressed in a letter from Norman MacDonald, Federation executive director, to the House and Senate Committee on Ways and Means. Accompanying the letter was a 27 page "Report on State Debt" as of January 1, 1950, and an 18 page report on "Model Borrowing Legislation" . . . both prepared by the research staff of the Federation.

MacDonald emphasized that the State debt situation was "more serious" than the figures that the Committee had hitherto been given would indicate. "The true debt is not the mere \$133,860,000 which an official compilation as of the first of the year seem reveal, but is nearer \$293,000,000," he said. "Bonds to this total have been authorized, even though some have not yet been sold."

"In less than five years, the State debt has changed from negligible factor in budget preparation to a major and almost dominating factor," he insisted.

Pointing out that the Tax Commissioner will reach into pockets of Massachusetts residents for annual debt requirements of about \$30,000,000 in the near future, MacDonald cautioned: "The Legislature should be heedful of the fact, go slow with new issues, and face up the problem of how to pay for our borrowings."

"During the past several years the Legislature has authorized the borrowings of large sums to finance the construction of needed improvement programs," he continued. "In most instances principal payment was postponed and no provision was made for financing the outlay."

He told the Committee it would find an increase of \$2,640,000 in the amount required for debt retirement in the General Fund due to bonds authorized as long ago as 1945 and issued in 1946, but with first maturity postponed until June 15, 1951 by the 1945 Legislature.

"Thus once more it is proved that borrowings must be made to finance improvements, the Legislature which authorizes the borrowings should likewise provide the means for payment," he advised. "First payment one year after the date of issued is required with municipal bonds, and there is no reason why the State should follow a less sound policy."

### Booklet On New Stamps Ready

A revised edition of the official booklet containing descriptions of all United States postage stamps from the date of their introduction in 1847 to June, 1949, including plate numbers and quantities issued of commemorative and air-mail stamps has just been published.

The new stamp booklet is being issued to the public through the office of the Superintendent of Documents at 50 cents per copy, with paper binding, which includes the cost of delivery.

Remittance accompanying orders for the booklet may be in the form of postal money orders, postal notes, or checks. Postage stamps are not acceptable.

Postmaster Francis A. Crowley stated that this booklet should be found in every classroom and in every library as a reference book. "While it is expected that every stamp collector will procure a copy of the booklet, it is of tremendous value to every child of school age. The story of stamps and individuals, places and events depicted on our United States stamps cover practically every subject, history, music, geography, inventors, poets, educators, etc.," the postmaster said.

He reminded the public that these booklets cannot be procured at the postoffice. The orders must be mailed, with remittance, to the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

### Woman Hurt In Accident

Thursday afternoon Officer John Powers called headquarters asking that the ambulance be sent to Hopkins road, as a woman had been struck by a car.

A Hudson sedan operated by David Helsen, 34 Beech road, Brookline was proceeding south on Pleasant street when it struck Mrs. Abbie Collins, 63, of 38 Henry st., Winchester. The woman was struck by the right front fender of the car and knocked to the ground.

She was taken to the Symmes Arlington Hospital where it was reported that she suffered from a possible fracture of the right shoulder and the pelvis and abrasions to both knees.

Neither oranges nor coal nor fuel oil are native to New England so we have to pay shipping costs when we use them here.

Why do we mention coal and oil? Because these are the fuels used to generate electricity and their delivered cost in New England is naturally reflected in electric rates.

Even so, good management and technical skill have made electricity plentiful and relatively cheap in New England—penny for penny the biggest bargain in the household budget.

## Arlington Girl Wed In Palo Alto, Cal.

One of the early January weddings was celebrated on January 8th, in Palo Alto, California, when Miss Jacqueline B. Kelly, the daughter of Mr. and Mrs. Roy E. Kelly, of 16 Court terrace, Arlington, exchanged marriage vows with Mr. Arthur C. Corbett, the son of Mrs. Maud Corbett, of Palo Alto. The ceremony took place in the First Presbyterian church. The matching wedding rings of gold with a twist of silver in the center of each, were creations made by the bridegroom, whose hobby is jewelry-making in silver and gold.

The matron of honor was Mrs. F. K. Shallenberger, of Palo Alto, formerly of Arlington. The bride, a receptionist in a dental office at Palo Alto for several years, made

her home with Professor and Mrs. Shallenberger, on Mystic street, Arlington, during the time Professor Shallenberger was a member of the faculty at Harvard University.

The bride is a graduate of the Arlington high school. The bridegroom is a student at Colorado state college of Education. The couple plan to reside in Greeley, while Mr. Corbett completes his studies at the college.

Last Monday Mrs. John Murphy entertained at a luncheon at her Valentine road home, in honor of Mrs. Charles J. Conn, of Valentine road, who left on Wednesday for a visit with her son Charles at Miami, Florida.

## Entertains At Luncheon

Mrs. Charles J. Conn, of Valentine road, Arlington, who has now left town for Miami, Fla., to visit her son Charles and wife in that city was given a farewell luncheon by Mrs. John Murphy, at her Valentine road home. Among the guests were Mrs. Harold Tillson, Mrs. Dan Corbett, Mrs. Ernest Noring, Jr., Mrs. Edwin Tarbox and the Misses Lottie and Mildred Emery.

## Reports For Duty With Reserves

George Henry Nolan, 26, Yeoman typist, first class, USNR, of 43 Beacon street, Arlington, has reported for duty with Organized Submarine Division 1-7 of the U.S. Naval Reserve, Boston.

Nolan will attend drills one night each week as a member of the Organized Naval Reserve and during the year he will take a two-week training cruise aboard a submarine of the fleet, receiving pay for both types of duty.

As a member of the Reserve, Nolan will receive specialized instructions each week in skills which will help him advance in rating and will make him better equipped to serve aboard submarines.

Training cruises such as Nolan will take aboard Navy submarines are designed to give him experience in all phases of duty in his own rating. Through this training he will be enabled to qualify for advancement in rate, which carries with it an increase in pay for all drills attended and for participation in the annual cruise.

## SYMPATHY EXTENDED

Mrs. Joseph D. Campbell, a former resident here, is receiving the sympathy of her many Arlington friends, in the recent sudden death of her husband, on January 20th, at 204 Middlesex street, South Andover. ## Mrs. Rogers Asks House To Promote 175th Celebration

A resolution setting up a congressional Patriot's Day Celebration Commission to enable the United States government to assist in the 175th anniversary observance here on April 19th has been filed by Congresswoman Edith Nourse Rogers.

Mrs. Rogers' bill has been referred to the judiciary committee of the House, it was announced today.

The local Representative, in her bill, asked that an eight member commission, consisting of the Senate, one from each party to be appointed by the Vice-President; two members of the House of Representatives one from each party to be appointed by the Speaker, and three individuals from private

life appointed by the President, serve to assist in the celebration.

The Commission shall cooperate with the Commonwealth of Massachusetts and the various cities and towns in order that there may be proper coordination and correlation of plans for the observance and celebration.

Pointing out that on the 19th of April, the events formed the prologue to the revolution, and in due course lead to the establishment of the United States, Mrs. Rogers asked for due observance of the events.

Already state and local committees are working on the celebration in Arlington, Lexington, Concord and other towns.

## Police Issue Warning On Monoxide Fumes

Police Chief Archie F. Bullock, in cooperation with the Massachusetts Safety Council, is calling to the attention of all Arlington motorists, the great danger existing from monoxide fumes. During the cold weather, due to leaky exhausts, etc., many motorists each year are killed by the poisonous fumes. As the monoxide has no odor, it is hard to detect.

Chief Bullock urges that motorists make sure that their exhaust system is in a safe condition, and if any doubt exists, do not delay to have a thorough checkup made by those skilled in that type of work. This may be the means of saving not only your own life, but the lives of those who might be riding with you.
